Softwares (Exports) Ltd.

# Multilevel Marketing Software

MLM is web-based software that allows you to create any number of Agents, Schemes and Branches. You can manage transactions related to **FD, MIS and other financial products**. You can see all the agents in a tree view and generate various reports like **Agent Commission report, Branch wise Business report** and various other MIS reports to manage your business efficiently.

This software is also suited for product based companies where it gives you the flexibility to manage various plans like **Binary Plan, Growth Level Income Plan** and get Member's tree view up to 6 levels. It also has the E-pin facility and online generation
