MAGPET SOLUTIONS

TRUSTED SAP B1

& **LN&EL**

FOR THEIR
ERP SOLUTION

ABOUT THE COMPANY:

Magpet Solutions, a part of Magnum Group, is the largest PET manufacturer in Eastern India. They manufacture premium quality PET Preforms, PET Containers, 5 Gallon Jars, Plastic Closures and other such products.

CHALLENGES BEING FACED:

Looking for an ERP solution that helped them with accounting, end-to-end purchase, production process, inventory transfer, sales data etc. & other advanced ERP features.

BENEFITS FROM SAP B1:

The transformation from previous software to SAP B1 include:

1. End-to-end purchase and production process including Q.C. process.
2. Capturing batch-wise production, inventory transfer and sales data with SAP B1.
3. Mapping the reusable, rejected and cutting materials in further production process and also taking into account the overall cost impact for the same.
4. Screen and report to ease the calculation/tracking of periodic bulk discounts that they are entitled for their main raw materials purchase.
