About

LNSEL**Lee and Nee Softwares Exports Ltd**

is an IT enabled service with almost three decades of industry presence. We provide ERP Solutions ,tailor made for our clients with a special focus on the education sector. We also provide digital solutions to companies such as responsive website design with development and digital marketing. With client satisfaction being our top priority, we use our rich experience to deliver end -to-end services to multiple industry verticals.

About**PURUSHOTTAM BHAGCHANDKA ACADEMIC SCHOOL**
ICSE-ISC English Medium School, Pre - Nursery to Class XII**Purushottam Bhagchandka Academic School**

was established in 2001 by the Lakhi Parmatma Charitable Trust. The school is situated at Paschim Putiary, Tollygunge, Kolkata, West Bengal. It provides an excellent infrastructure for academics, sports, extracurricular activities to students from grade Upper KG to 12th. Whilst high academic achievement is a priority, the school aims to create well rounded individuals, where a spirit of cooperation and mutual respect exists among the students and teachers.

CHALLENGES:

In 2020 during the pandemic of Covid-19 the education sector started facing challenges on multiple facets. Our clients at PB academy also faced such challenges. One of the major areas of concern for them was the fees collection process that got hindered as the school was closed. They also faced the challenge of keeping a record of the fee due list.

Benefits from Campus Konnect:

Campus Konnect is the complete School Management ERP that provides 360 degree solution for institution management. Our clients at PB academy got the complete solutions with:

• Fees Management Module:

Details like, Fee Calculation, Fee Collection and generating defaulters list. All data is directly extracted in the Portal. Automatic updation of list, when fee is paid.

• Report Generation:

Analytics like, Total students, Average Admissions per year. Better Student Information like subject combinations etc are readily available. These reports and analytics help in making quicker management decisions.

• Exam Module:

Has the data of students like: Reports of previous exams, Attendance etc. This helps in an in-depth student performance analysis.

The benefits of the various modules in the software have eased and improved various operational functions of the institution. The use of Campus Konnect has enabled : **Increased productivity, Ease of access, Transparent Communication, Better Collaboration, Increased Enrollments and more.**

Testimonial:

"**Purushottam Bhagchandka Academic School** has been using the ERP system developed by Lee & Nee solutions. Our experience has been very satisfying as the ERP customised by them is very systematic and enables us to maintain school record, data and information with great accuracy. Their online fee collection module has facilitated seamless school fee collection. Their after-sales service and response from help desk is very prompt and efficient. Many software companies have developed ERP systems which are available in the market but I strongly recommend Lee & Nee solutions in terms of speed, accuracy, integrity and security."

Best Wishes,
Mrs M. Andrews, Principal, PBAS
