Indian Certificate of Secondary Education

About Me

Dedicated and detail-oriented Software engineer with 2.9 years of experience and working as an Associate Consultant. Worked in 3 different projects so far as a developer and tester.

Professional Experience

Audax Labs | Associate Consultant
2023(February) – 2024(February). Project-Google cloud platform

Key responsibilities:

- Working as a tester to run commands to migrate a bucket
- writing of shell script in bash (to check hold in any object, creation of version buckets)
- Observing error in execution of code while migrating and executing command accordingly to overcome the problem
- using of cloud commands to describe buckets and others.

Audax Labs | Associate Consultant
2022(February) – 2022(September). Project-Hitachi Image Based Intelligence

Key responsibilities:

- maintaining database using my sql queries in database
- backend development in java spring to build apis as per business requirements

Audax Labs | Associate Consultant
2022(October) – 2023(January). Project-Supra and Moomba Boats

Key responsibilities:

- creating few apis on java spring
- database operations using sql queries.

Audax Labs | Associate Consultant
2024(march) – 2024(May). Project-Finance Tool

Key responsibilities:

- Developing a apis to fetch records and calculate ctc of employee in java
- creating html form to take input from user and then hit the backend api to calculate ctc and show it in a different result page.

Achievements

- 2021 – 2022 Best Project of the Year(Hitachi)
- 2022 – 2023 Individual Company Award for performer of the month(Audax Rockstar Award).
