

Hello, I am Ashish Khan, and I am currently pursuing a B.Com. Honors degree from MLB College, Gwalior, and am eager to kickstart my career in digital marketing with a focus on SEO.

Experience:

I have two years of experience working as an SEO executive. I interned for one year at MMT Institute in Bhopal and then worked for another year at ITS Gwalior. During this time, I gained hands-on experience in keyword research, on-page optimization, and basic analysis. I have practical experience using tools like Google Keyword Planner and Google Analytics, among others.

Thank you for considering my application. I am available for an interview at your convenience and can be reached at 9669273748 or via email at ashishkhandap@gmail.com.

Warm regards,

Ashish Khan
