Career Objective

Aspiring software developer with proficiency in **Python**, **Node.js**, and **React**, seeking an entry-level position to contribute to innovative projects while enhancing my technical and problem-solving skills.

Technical Skills

- **Programming Languages:** Python, JavaScript, CSS3, HTML5
 - **Frontend Technologies:** React, HTML5, CSS3
 - **Backend Technologies:** Express.js, Node.js
 - **Databases:** MongoDB
 - **Version Control:** Git, GitHub
 - **Tools:** VS Code
-

Education

- **MCA** in Computer science from Trident Academy of Technology, Bhubaneswar, SGPA: 8.00
 - **Bachelor of Science** from F.M. University, Balasore, CGPA: 8.11
 - **Intermediate in Science** from BCCST, Bhubaneswar
-

Projects

1. **[Netflix]** – [Netflix clone]
 - Developed a Netflix clone using **HTML**, **CSS**, and **JavaScript**, replicating the UI/UX of the original platform.
 - Implemented features such as a responsive navigation bar, hero section, and dynamic content grids showcasing movies and TV shows.
 - Integrated hover effects, animations, and a carousel to enhance user interactivity and engagement.
 - Designed the layout to be fully responsive, ensuring seamless compatibility across mobile, tablet, and desktop devices.
 - Focused on clean code and efficient asset optimization for faster load times.

2. [Rock, paper & Scissors GAME] – [A Game for Enjoyment]

- Created an interactive **Rock, Paper, Scissors** game using **HTML, CSS, and JavaScript**, offering a fun and dynamic user experience.
 - Built a logic-based system to compare player and computer choices and determine the winner with real-time updates.
 - Designed an intuitive and responsive user interface with engaging visuals and animations for better gameplay.
 - Implemented game mechanics, such as score tracking and reset functionality, for a seamless user experience.
 - Optimized the application for cross-device compatibility to ensure it works on both mobile and desktop platforms.
-

Internships / Training

Frontend Development Intern

[#Octanet] – [1 month]

- Developed a **To-Do List** application using **HTML, CSS, and JavaScript** to manage tasks efficiently. The project allows users to add, edit, and delete tasks, providing an intuitive interface for task management.
 - Designed and developed a responsive **Landing page** using **HTML, CSS, and JavaScript** and implemented interactive features such as animations, buttons, and form validations to enhance user experience.
-

Achievements & Certifications

- **HACKIN`24**, "Intercollege HACATHON Competition 2024".
 - **Python**, "Python Industry Oriented Training 2024" by Trident Academy of Technology, Bhubaneswar.
-

Soft Skills

- Problem-solving and analytical thinking
- Team collaboration and adaptability
- Effective communication
